

Queensland Health Action Plan Progress Report For Clinical Occupational Streams - February 2010

Reporting Period: Last pay period of the month June 2005 and February 2010

Notes: The data is a report against the targets set for Medical, Nursing and Health Practitioners / Professional / Technical (formally Allied Health / Professionals / Scientists) stream growth. The Health Practitioners stream includes redesignated staff from the Allied Health, Scientists and Technical streams. The figures are headcounts of Active (paid normally in a fortnight) and Paid (on paid leave) staff. It excludes those staff on extended unpaid leave.

Summary:

The December 2006 Targets have been **well exceeded** ie: by **2,228** medical officers (target 300), **8,053** nurses (target 500) and 2,697 Health Practitioners / Professional / Technical officers (target 400).

Requested Data:

Headcounts:					FTE to Headcount ratio:			
	<i>Baseline (Jun-05)</i>	<i>Now (Feb-10)</i>	<i>Increased Headcount to Now (Feb-10)</i>	<i>Headcount Increase as Percentage of Baseline</i>		<i>Baseline (Jun-05)</i>	<i>Now (Feb-10)</i>	
Medical (Incl VMOs)	4,552	7,080	2,528	56%	Medical (Incl VMOs)	0.817	0.864	Increasing
Nursing	21,911	30,464	8,553	39%	Nursing	0.782	0.795	Increasing
Health Practitioners / Professional / Technical	6,934	10,031	3,097	45%	Health Practitioners / Professional / Technical	0.869	0.878	Increasing
